DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, and 6-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Counts.

Regarding claims 1, 6, and 9 Counts, in figure 1, discloses a mounting plate (28) on which an accelerator pedal (110), a brake pedal (78), and a clutch pedal (79) are swivellably disposed, wherein the clutch is swivellably held in an insert (82), which forms a pre-assembled construction unit. The construction unit is fastened between projecting legs (24) and (26) of the mounting plate and is optionally removable.

Regarding claims 2, 7, and 10, Counts discloses, in figure 1, a continuous bearing bolt (30), to which the insert can be fastened, and a screw (96) that fastens between the projecting legs (24, 26) of the mounting plate (28).

Regarding claims 3, 8, and 11, Counts discloses, in figure 1, an insert (82) that has a U-profile-shaped cross section. Counts also discloses that the bearing bolt (30) and the screw (96) are arranged at a vertical distance from each other.
